This week-long course focuses on giving you the knowledge you need to run a successful composting facility, whether you’re just getting started or have been composting for a while.

In addition to in-depth lectures, the course provides hands-on practice through indoor and outdoor activities as well as tours to local facilities, where the theories meet reality.
LOCATION/HOUSING

Location: Duke Farms (website, map)
1112 Dukes Parkway W, Hillsborough, NJ 08844

Hotel(s):
To Be Determined

Training complies with Certified Compost Operations Manager™ Program
www.certificationsUSCC.org

OUR STUDENTS

- Compost Operators
- Farm, Municipal, or Commercial
  - All feedstocks
  - Any size
- Environmental and Agricultural Consultants
- Local and State Regulators
- Equipment Vendors
- Anyone who wants in-depth instruction on the art and science of commercial scale compost production
The CCREF advances composting technologies, practices, and beneficial uses that support resource conservation and economic and environmental sustainability. The CCREF is a non-profit 501(c)(3) organization.

Students receive an instruction manual, access to complete presentations, plus supplemental resources.

While the CCREF is a national organization, we strive to keep the course relevant to local conditions. Our faculty has extensive experience in making, permitting, selling and using compost in the surrounding region.
